And lots of other services……

**Simplicity, affectivity & reliability**

By just applying simple steps you can open a door to a new horizon of possibility, features & innovation.
Just try it

**i- How to participate? (Create group)**

Just send SMS with (c group-Name) to 91642
You will receive a confirmation message with your info (URL, User name & Password).

**ii- How to subscribe? (Join group)**

Just send SMS with (group-Name) to 91642
You will receive a congratulation message and then you can use the services provided by your joined group.

## i- How it Start for owner?

First: in order to create your own group, just send SMS with (c group-name) to (91642)
You will receive a confirmation message with your info (URL, User name & Password)

ex: to create a group called **Mohamed**, send SMS with (c **Mohamed**) to (**91642**)
This step will create your group (**Mohamed**) noting that if there is another group with the same name you won't be able to create your group.

### Notes:
- Group existence: before sending your SMS, you can check for the availability of your group name from (**Available Groups**) link in the login page.
- Case sensitive: group name is case sensitive which mean you can have two or more groups with the same name but in deferent capital and small letter.
  ex: (Mohamed, mohamed, MohameD, MoHameD,…..)
